June 19, 2020

Congratulations to the class of 2020,

Your hard work and dedication has brought you to this most important milestone. You have demonstrated resilience and adaptability as you maneuvered through the unchartered waters of the pandemic over the past three months. This graduating class has experienced a piece of history that will be documented in archives, textbooks and chronicles. This graduating class took the “bull by the horns” and attended classes, completed assignments, held meetings and participated in events, remotely. This graduating class did not let the pandemic hold them back; you found your way and finished like champions. The Ocean County Vocational Technical School District is proud of you and wishes you the best of good health, happiness and wonderful accomplishments.

Stay safe, stay well, and God Bless,

Karen L. Homiek
Superintendent

Dr. Michael B. Maschi
Assistant Superintendent

Frank J. Frazee
Business Administrator
