September 10, 2019

Dear Parents, Guardians, Staff, and Students:

Due to the recent attacks on public schools, the Ocean County Vocational Technical School District wants to reassure you of our commitment to the safety of our students. We are committed to maintaining the security and safety standards of our seven buildings throughout Ocean County.

Every year we enter into a Memorandum of Agreement with law enforcement in each of the towns our buildings are located. Each school has monthly fire and emergency drills for students and staff. We hold these drills in our shared-time buildings as well as our full-time academies to ensure all students learn the actions to take in any emergency. We have annual safety plans drawn up each year for our schools and maintain good relationships with our local police departments.

Any parents or students with concerns or questions about school safety procedures are encouraged to call the Principal of the OCVTS campus their child attends or the OCVTS Administration Office at 732-240-6414.

Sincerely,

Karen Homiek, Acting Superintendent
